Cherry-torial

Greetings from Cherry Central! Things be a'happenin' and a'hoppin' for America's favorite bimbo in '91!

We'll have the first issue of a second Cherry book, **Cherry's Jubilee**, a 40-page quarterly, out late this year. It will feature guest writers & artists galore, in addition to more of that good old fashioned **Larry Welz** artwork in every pussy-packed issue! Upcoming guest creators will include **Gerárd Jones** (*The Trouble with Girls*, *Green Lantern*, *Wonder Man*, etc.), **Chuck Austen** (*Strips*, *Hardball*), and an all-star crew yet to be revealed!

The Cherry live-action feature film has been put on hold for now, but we are working on a series of computer-animated half-hour videos. The Cherry Entertainment Group has hooked up with **Chris Walker** of Mr. Film in Venice, California. Chris is a real cyberpunk computer graphics whiz with some tricks up his sleeve. This is gonna be like nothing you ever saw before! We have Cherry's luscious little body put together in cyberspace and she's just starting to walk & talk. For in-depth coverage, join the **Cherry Fan Club** and receive our newsletter, published when we have news to letter!

By the way, I'm your new editor for this title and **Cherry's Jubilee**. Basically, my job is to make Larry's job easier & coordinate all the new talent. Write us and let us know what you want to see.

Our public...*we love ya, we love ya, we love ya!*

Write us at: P.O. Box 11991, Berkeley, CA 94701

p.s. Be sure to pick up **One Fisted Tales #3**, featuring "Weird Cherry", an EC parody by Welz & Fogel. If you can't find it at your local comics shop, you can order it from:
